

Faith Shapes Life

----Rev. John Mark (Wahab).

Our dear brother in the living Lord, Out of curiosity I like to ask you a challenging question. Whether the money in your wallet is faked or legal tender? If it is legal tender, of course, you have right and liberty to make any transaction, anywhere, with anyone openly. But if your money were forged, obviously you would remain worried, hesitant and try to play hide-and-seek game with the concerned authority.

In the field of evangelism, it is found such a tendency of playing hide-and-seek game, at the end of the field workers. It is not because of the way or system of deliverance of their faith, but their inborn-doubt about the living Lord Jesus Christ. Definitely, the Lord Jesus Christ is worthy enough to be introduced in any situation, because He is the Only Light of the world. No one should be hesitant to hoist a real light up in the darkness.

Since this world, in the spiritual realm, is full of darkness and people have been groping to find the true light, in that dire necessity if you show up the unique light, you would be cordially welcomed and appreciated by the real seekers, as the eunuch of Ethiopia. Please look around you and observe the nuisance works being done, off and on, in the name of religion and world peace. The followers of the same religion were divided into numerous factions and killing one another because of disagreement among them. If you read the daily newspapers, you would become thundered to know the heinous activities being done by the so-called religious and civilized people. Bearing the banner of peace, tranquility and integrity, people make massacre to the nations. That could not be the real sign of claiming religion or civilization. That is forged religion being organized at the end of the accursed Satan to undo the well-planned peaceful scheme of the sovereign God.

Now, dear brother, I beg permission to ask you another question. Is your faith a genuine or counterfeit? I have a soft corner for you. Please allow me to ask one more question. Whether your faith and trust is set upon the sovereign Lord or confusing someone else? It might bring equal result in case of genuine and staunch faith in the fictitious religion or hypocritical and doubtful trust in the genuine religion of the sovereign God.

The staunch faith in the Lord Jesus Christ leads someone to the abundant and unending source of light and life. In that case, people would see in you quite a new life and attitude instead of your old filthy life. In case of beginners, your achievement might be of insignificant manner, but if you persist and press on, the living Lord would add to you so much spiritual gifts and fruits that would culminate even beyond your expectation or imagination.

Please observe carefully that every gigantic tree has started its life from a tiny bud. So to lead your life please be careful, prayerful, and humble and remain solely committed in the mighty and compassionate hand of the beloved Lord Jesus Christ who loves you more than His own life. He died in the heartrending cross to redeem you from the sinful and ugly state. Through His promises, please be sure that, He is always with you and in you. In this world there is none who keeps much strength to snatch you away from His omnipotent hands. People may doubt you, but be confident that He knows you and searches your very heart and thoughts. In any case of your weakness please bare open your heart before Him and trust upon Him. He is nearer to you even than your jugular veins.
