

## First Couple

----Rev. John Mark (Wahab).

In the eve of Christmas we have greeted our esteemed readers presenting several articles including this tiny one.

Please keep praying for them as they have been abated and deprived of the Truth that has been hidden under the mask of tradition, culture and language. It is God who has raised few numbers of evangelists from the Muslim background to work among the vast majority that is 140million of the people of Bangladesh.

God did not originally create men but a man in His own image, as viceroy. And then through him Adam- the first man, created all human folk. This is the story of humanity. They must act, speak and behave like God, the creator of the Universe.

The sad story of humanity has been come into picture following the fall and disobedience of the first couple, Adam and Eve. The whole world has been accursed through them. We should not blame them as blaming is not a solution or way out of the drastic situation we are sunk in.

God is merciful one, compassionate, filled with forgiving virtues. He has taken a perfect step that we can get rid of it. That provision is the living Lord Jesus Christ, slain to exonerate the sin of the world. He did not die to divide the humanity but to save and unite and gather all of them in the barn of God to materialize the original divine plan.

The present picture of the world, as we visualize now, is the quite opposite to that to that of the original plan of God. Jesus alone is the answer and solution to all these problems we do suffer with.
