

The efficacy of the Word of God

----Rev. John Mark (Wahab).

The efficacy of the Word of God first starts in the minds, and then is seen into practice through attitude and practical activities. When minds are controlled, eventually, the practice must be changed.

Are you a human being? Do you know that? Did someone tell you or you yourself come to that hypothesis?

Definitely, somebody told you about your identity. It is not possible for a just born kid to understand the self identity at the time of its birth. The infant comes to growth, physically, mentally, intellectually and spiritually to know thyself and the world around him. The role of the nurse's and teachers, in the life of a just-born babe is of vital importance. Most of the times, it is found, even the teachers do not know things perfectly, in that case, how would they transmit the knowledge to their pupils?

Dear brother, you declared that you are a human being, very good! Would you show me some remarkable differences, not biological superstructure, naturally are marked to distinguish mankind from other animals? I found none, even in me, to set an example of such differences. The biological need, natural call and even emotion appear almost same in both the groups. So, rightly it is called that man is animal by nature (blind biological concerned). Is it wise to expect something better product from the mortal flesh? That expectation would be nuisance! They must get rid of the level of the flesh, and abolish the hidden bestiality within the flesh, and become totally controlled by the divine virtue, love of God. Since love solves all follies in letting a man on the upper level with the Supreme Being. The perfect pinnacle of love and holiness has been revealed in Jesus Christ, and it is the free gift for all humanity for regeneration to enjoy fellowship with the holy and righteous One. Among the whole humanity, Only Jesus Christ is holy, and ready to exonerate the sin of the world, and He is so able and authorized to do so. Sinners can come to Him by faith. He is humble and trustworthy, and never declines who seek His asylum.

In the celestial book, something remarkable is written, that I like to mention. The supreme creator did declare that He created man in His own image, to represent Him, i.e. for the projection of His divine virtues into reality. An ambassador of a country is sent to an alien country, for the projection of culture, progress, and lifestyle and also in setting up ties between and among the countries.

In reality, the blue plan of the merciful and perfect God has already been distorted away. There is none up to the mark to act as an example. All have sinned and fell short the glory of the holy God. It is the righteous Lord Jesus Christ who stands in place of God to bring the world back to its own position. The unblemished blood of the Lord has been shed to wash up the sins of the world. There is no other source left for the born sinners, to come to the Holy and just God, being sanctified.

Are you confirming about your own drowned position? Have you tried to alleviate your position several times, yet fallen in a hopeless and despair situation. How long would you try your best to meet the rapture? Do you feel, you need someone, able and perfect, to help out you? Did you ever call aloud such a benevolent person?

You and I need a perfect friend, ready to pull us out of the ditches we are huddling in. We should stretch out our hands, with entire sincerity, unto Him with hundred percent desire and submission. Definitely, the creator had had sent a person, filled with the supreme love, to regenerate us.

He is Jesus Christ, knocking at your door to enter and help you. He would never change your culture or food habit or shrink back you from your circle of friends, but lead you unto the full truth, holiness and perfection. He would regenerate you into the original shape that is in the image of the compassionate God. Just invite Him in your hearts with your whole being. Be confident, He loves you.
