

The very Nature

---Rev. John Mark (Wahab).

Thanks are to the Almighty; nothing is left half-done for me to make complete by my polluted hands! He knows, a mortal man is always unable to move even an inch in the line of perfection that the Holy God demands from us. To be reconciled to Him, we have already been fallen out. Out of mercy, He has completed and kept ready the redemption for us to swallow up.

Sin, of course, is man's greatest problem. No matter, what kind of religion a man has, if it cannot deal with sin, it is of no value. By nature, man is a sinner; and by choice, he proves that his nature is sinful. It has well been said, "We are not sinners because we sin. We sin because we are sinners." "The tree that bears apple, so that it is apple tree; no, the sentence should be rewritten as, since it is apple tree, so it must produce apple in due course of time, that is in its season of fruition."

There is no hope in us. Mortal man is mortal by nature! Flesh and blood would never be transferred to heaven, or be reconciled to the Father, Who is Spirit being. We are formed with sinful nature. It is not within our capacity to change our nature, as a monkey cannot change its nature. Man can compel a monkey to do something by force or special training, but the attitude would remain different.

It is God who alone can change the nature of His creations^(2 Cor 5:17) Outward ritual is always empty^(Isa 1:11-15)

Our goal is to awake up the people of the world who have been asleep in the warmth of the perishable mortal world. The Lord gives us this responsibility, as our moral obligation. He will come back to collect His chosen people who have been set apart to receive Him. He would come with fire, power, purity, holiness, love and everlasting dignified life. Those who have been baptized by His unblemished blood, they have nothing to be worried at the sight of the earthly calamities. The almighty God is standing always at their side. None can snatch them out of His hands. Sincerely, we seek your collaboration in our campaign to evangelize our country. We should fulfil His desire in bringing the other sheep in the unique sheepfold
(John 10:16)
