

Empty Pot

---Rev. John Mark (Wahab).

Why do you throw the jar in your bin? It is empty!

Oh! That is why every dead is put in grave or burn to ashes to keep the air pollution-free.

Man or woman is subject to love, honor, and affection and fondling. We love our dear ones, and we love more than anything else. When they die, immediately we get busy to burry or burn the dead. It is clear that the dear one is not indwelling in that earthen pot. But we have this treasure in jars of clay to show that this all-surpassing power is from God and not from us. ^{2cor 4:7}

People do use jars made with clay for water, molasses, and rice; mostly liquid materials. Almost all the jars of same sizes cost at same rate. When those are filled with the costly materials, immediately, the prices of the jars get upgraded as per the content.

Sometimes, the indwelling Holy Spirit leads us for the glory of our Father in heaven. A born again person acts in place of the living Lord, as he is already created in the image of God and to represent Him- the invisible God. Practically, at the time of creation, they were called to cover up and rule over the created world. That is natural and approved by the divine plan of the supreme Creator, the merciful God.

Sometimes, man become possessed by the ark enemy- the Satan, resulting, they start playing obnoxious role to defame the Holy and pious God. That is unwanted and abnormal case.

The Lord Jesus Christ, the pinnacle of love and holiness, had come to expiate the sin of the world, at the cost of His unblemished blood. He came to save and protect all who comes to Him by faith. He loves all. Have you ever tasted Him? You have every opportunity and option to come near to Him, talk to Him and ask Him to solve all of your disputes with Him or with the fellow brethren around you.

Just come to Him by faith, and this is the way without alternatives.
