

## **Unity for Royal Kingdom**

---Rev. John Mark (Wahab).

Well! You have come to build up the Royal kingdom. Excellent decision, halleluiah! At your first step, if you try to demolish the existing ongoing movements, so far in front of you, in that case, should we count your attempt positive step?

In the Gospel of our Lord recorded by Dr. Luke Chapter 9 and verses 54 &55, the disciples James and John were furious over the unbelievers and wanted to burn the area into ashes, but they immediately were rebuked by the compassionate Lord Jesus Christ. Probably, we are not better than the disciples.

Dear brother, let us reason together, and then make strategy to move on for His glory. The living Lord is not the Lord of denominations; on the contrary, people were assembled in different platform to speak for Him. He loves all, even the scattered, wayward and unbelievers too. The unblemished blood of our Lord Jesus Christ was shed to exonerate whole humanity; irrespective of all marks and identities those can separate mankind.

Please look at His compassionate face and merciful eyes; you would be immediately softened in heart. He loves you and perfect love casts out all fears. Let us move ahead shoulder in shoulder with common slogan to call out the people from all over the world. Before the Message that were wrought at the cost of the unblemished blood of our Lord, all sorts of barriers and resistances are of no use. The herald must have confidence and faith in Him, love for the lost and that is essential for fruitful campaign ushering bumper harvest for His glory.

For the sake of the Royal Kingdom let us again think of our unification movement in the vineyard. We have conducted two seminars: One with 15 pastors on Friday, 26<sup>th</sup> May, 2006 and another with the 26 students for 3days on 27, 28 and 29<sup>th</sup> May, 2006 at Khulna, the South West part of Bangladesh. The merciful God has blessed both participants and speakers richly.

Your prayer and all sorts of co-operation made our onward march possible for his glory. Please keep praying in confidence for Bangladesh and our endeavor for his glory.
