

# Seek first his kingdom and righteousness

---Rev. John Mark (Wahab).

What does it mean seeking the Royal Kingdom? It gives an idea that the object in the question is existing and fallen somewhere but without sincerity and faith it could not be found. It is not like mine that should be dig out but within the reach of the people who do earnestly long to have.

Kingdom is understood by 4 factors as territory, people, administration (King) and governance Sovereignty. Particularly, his kingdom means that the sovereign king would administer the subjects and he would establish the discipline, peace, prosperity and all wellbeing of the country. But seeking means something is already established and people should find and enter in it.

The kingdom of god is his reign where the people should live in peace and harmony. The best example of that divine kingdom is the Lord Jesus Christ who alone could project that kingdom. The divine virtues were released hundred percent only in and through Jesus Christ. The reason is that he is not the child of Adam who was lost in sin, but he is the divine Spirit and the creative Word of God that was revealed in the human bondage that all the suffering humanity might have fellowship with him and he could expiate the sin of the world by his own unblemished blood. He became the sinless lamb to die for the lost world. In the divine kingdom the lord must be all-in-all in everything in the kingdom. The people were created by the Lord to represent him. So naturally, for representation the subjects must follow him hundred present indeed.

Now we must know our Lord perfectly and love and obey him in our day to day life unconditionally. He alone is the righteous person in the form of humanity. He came to this fallen world to seek, save and find all the lost. He, out of love, left all the divine position and possession just to save us and hand us on to the beloved Father in heaven. He did not kill nor curse any fallen man but forgive them unconditionally. He loves all humanity irrespective of color, culture, cast & creed etc. Only he knows that the whole humanity is the children of the single man named Adam. Sin has perverted them and split them as the disaster does. To heal people ailing with sin there is no medicament could be found in the world. It is the divine plan of the beloved Father that is Jesus Christ, who would die for the lost world to pay the debt to sin. Any sinner might come to that Lord must confess to him, immediately, without raisins any point, He would forgive him and he would abide in him as he did promise already. So the kingdom of God is the Lord Jesus Christ who himself is the image of the invisible God. We now understand that the kingdom in this world is a believer abiding in the Lord and the Lord is abiding in him. The one who belongs to the living Lord is the kingdom of God. In establishing such a kingdom no earthly things, like land, labor, capital, organization or anything earthly are needed. A man who has faith in him and did open his heart to the Lord Jesus Christ is that kingdom we do discuss about. A man totally consumed and controlled by the Holy Spirit is the moving kingdom of God. Wherever he goes the splendor of the Royal Kingdom is being spread around as the perfume does spread smell around automatic.

A regenerated man must bear spiritual fruits as it is written in the letter written to Galatians 5:22 ***but the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness.*** A **robust tree does bear flower and fruits automatic.** In the case of regeneration the nature of the person is being changed from within. Regenerated person does no more belong to the old polluted pattern of life, but he represents the unblemished Lord Jesus Christ. In case of a group of regenerated people the kingdom is being expanded horizontally. The fullness of the indwelling Holy Spirit is in depth act of the divine kingdom, No tsunami or natural disaster has any role to destroy that kingdom. It is not being established on the world power, or politics or assets that are finite. It depends on the power and grace of the infinite Lord who himself does establish that kingdom in the hearts of the people.
